### PRODUCT DESCRIPTION

This is a super protective wax for paintwork, with amazing water beading properties that grants long-lasting protection. It leaves a thin but tough and resistant film that anchors to the paint, keeping it shiny and protected from UV rays, natural elements, pollution, tree sap, droppings, salt etc. **EVER-WAX** feeds the paint and restores the original deep shine of the surface, leaving a protective water repellent barrier and a rich gloss that lasts for long time.

### PHYSICAL PROPERTIES

**Colour:** Yellow ocher  
**Physical form:** Liquid-creamy  
**Odour:** Light and pleasant  
**Density:** 0,980 g/ml  
**Flammability:** Not flammable  
**Type of surface:** Car bodywork

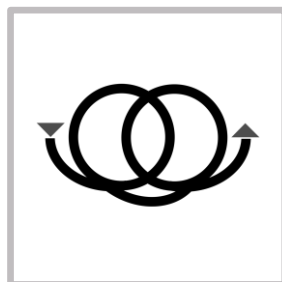

### HOW TO USE

Please verify that the area of application is clean, with no oxidations and superficial marks. Pour some drops of product on a **S18** foam pad and spread it with circular and vigorous movements. Please, pay attention to spread it homogeneously, insisting more times on the area. Let it act and dry for 10-15 minutes or more, thus allowing the product to reticulate. Then remove it with **SILKY 1000** Microfiber towel, without letting it dry.
